Immediate notification

19/09/2021

The event is ongoing. Weekly follow-up reports will be submitted.

Sender: Delegate of Haiti
Country/territory: Haiti
Report ID: IN_151732

Event status: Self-declaration
On-going: No

General information

Country or zone - Zone: Disease - African swine fever virus (Inf. with)
Disease category - OIE-listed: Reported on - 19/09/2021
Last occurrence - 21/09/1984

Animal type - Terrestrial
Confirmed on - 17/09/2021
Causal agent - African swine fever virus

Reason - Recurrence

Epidemiology

Source of the event or origin of the infection - Unknown or inconclusive
Epidemiological comments

Control measures at event level

Domestic control measures

To be applied
- Surveillance outside containment and or the protection zone
- Zoning
- Surveillance within containment and or the protection zone
- Movement control inside the country
- Selective killing and disposal
- Ante and post-mortem inspections
- Official destruction of animal products
- Official disposal of carcasses, by-products and waste
- Disinfestation
- Disinfection

Wild control measures

Diagnostic

Clinical signs - Yes
Method of diagnostic - Diagnostic test
